

ROOT TALKS POLITICS

PRESIDENT ROOSEVELT HAS NO INTENTION OF ACCEPTING RENOMINATION.

DECLINES TO ENTER FIELD

SECRETARY OF STATE ALSO INSISTS HE WILL NOT BE A CANDIDATE.

Kansas City, Nov. 20.—Secretary of State Elihu Root, during an interview in which he alluded to political conditions and presidential possibilities for 1908, was asked:

"Will Roosevelt accept a nomination if tendered him by the Republicans?"

"No," replied Mr. Root. "He won't. His intention on that score has been definitely and absolutely given out. No, he won't accept it again."

"Your name is mentioned a great deal," was suggested.

"I am not a candidate and won't be," the secretary replied.

WORLDWIDE PEACE.

(Keynote of Secretary Root's Speech at Kansas City.

Kansas City, Nov. 20.—A worldwide peace, substantial and enduring, made possible by closer commercial and friendly relations between nations, was the keynote of a notable speech delivered here by Elihu Root, secretary of state. Mr. Root, the diplomatic

representatives of five Latin-American republics made speeches along the same line, offering trade extension between the countries of North and South America as a means of bringing these countries into closer and lasting relations.

The occasion was the twelfth annual banquet given by the Kansas City Commercial club in commemoration of the signing of the John Jay commercial treaty.

HOLD QUARTERLY SESSIONS.

Executive Order Relating to Isthmian Canal Commission.

Panama, Nov. 20.—An executive order, signed by President Roosevelt before he left the isthmus, provides, among other things, that the Panama canal commission shall hold quarterly sessions on the isthmus during the first weeks of February, May, August and November. The executive committee provided under the order of April 1, 1905, is abolished and the functions of the new governing board brought into being instead are described in detail.

Contracts for material amounting to over \$10,000 shall be made only after publication in newspapers of general circulation.

NATIONAL GRANGE ON RECORD.

Votes Down Resolution on Initiative and Referendum.

Denver, Nov. 20.—The National Grange went on record as opposed to endorsing the initiative and referendum during the day when a resolution favoring the institution was voted down. The matter was referred back to the state granges upon the contention that such an innovation can only be put in operation by state governments. The principal opposition was to the proposition giving the people the right to recall representative officials, the argument being that this was too socialistic.

CRAPSEY VERDICT SUSTAINED

Episcopal Church High Court Decision Made Public.

Buffalo, Nov. 20.—Rev. Dr. Algernon S. Crapsey of St. Andrew's Episcopal church, Rochester, is condemned to suspension from the church as a result of the decision of the ecclesiastical court of review, just made public. The court of review sustains the decision of the lower court, which was that Dr. Crapsey should be suspended for heretical teachings.

The decision was delivered to Bishop Walker by the Rev. Henry Antstice, clerk of the court of review.

CIVIL SERVICE REFORM LEAGUE.

Secretary Bonaparte Addresses Public Meeting.

New Haven, Conn., Nov. 20.—There were two sessions during the day of the National Civil Service Reform league. A business meeting in the afternoon was presided over by Dr. Daniel C. Gilman, at which the annual report was presented. At Woolsey hall in the evening President A. T. Hadley of Yale university presided over a public meeting. Two addresses were made, the first by President Gilman and the other by Secretary of the Navy Bonaparte.

Farmer Hastens His Death.

Cedar Rapids, Ia., Nov. 20.—W. H. Ellyson, a wealthy retired farmer of Vinton, committed suicide by shooting his head off with a shotgun. The act was due to brooding over an incurable cancer.

Grants Five Per Cent Raise.

Fall River, Mass., Nov. 20.—The manufacturers' committee has sent a letter to the textile council granting an increase of 5 per cent in wages to the cotton mill operatives of this city

FATAL HOTEL BLAZE

FIVE PEOPLE BURN TO DEATH IN THE WINDSOR HOUSE AT REGINA, MAN.

SEVERAL OTHERS MAY DIE

COLD WEATHER SERIOUSLY INTERFERED IN THE WORK OF RESCUE.

Regina, Man., Nov. 20.—The Hotel Windsor, the largest in this city, was destroyed by fire during the day and five people were burned to death. There were sixty-five guests in the hotel at the time of the fire. The dead are:

W. Musster, manager of Regina Milling company; L. Musster, assistant manager of the Regina Milling company; Donald Walker, day porter; Robert Johnson, well borer; Harry Jones, hotel employee.

Several others were burned, some of whom are expected to die.

The cold weather hindered the work of the rescuers. The loss is \$100,000.

THREW BABY OVERBOARD.

Crime of Crazy Woman on an Atlantic Liner.

New York, Nov. 20.—On the arrival at New York of the steamship Nieuw Amsterdam of the Holland-American line, from Amsterdam and Boulogne, it was reported to the police that while the vessel was in midocean on Thursday Rosa Naegle, a Swiss governess, in a fit of temporary insanity, grasped a baby from a crowd of children at play on the deck and threw it overboard. Only the prompt interference of the officers of the vessel prevented other passengers, led by the mother of the child, from inflicting serious injury upon the crazed governess. The steamer was stopped and a search was made for the infant's body, but it was not recovered.

Miss Naegle, after throwing the child into the sea, ran about the vessel uttering inarticulate cries. She was locked up in the ship's hospital. The mother of the child, Mrs. Gavowski, who, with her three children, was on her way from Russia to join her husband in Fargo, N. D., was prostrated over the loss of her baby.

Miss Naegle is a native of Berne, Switzerland, and has served as governess with several New York families. She boarded the vessel at Amsterdam.

TRIED TO BLACKMAIL HIM.

Italian Kills Member of Black Hand Society.

Pittsburg, Nov. 20.—Antonio Tuscia, a member of an alleged Black Hand society, was shot and killed at McKeesport, Pa., by Joseph Sparatto, whom he threatened to kill unless \$500 was paid to the society. Tuscia called at Sparatto's home several times demanding the money and threatening to kill him if he informed the police. Each time the money was refused and Sparatto purchased a revolver to protect himself. Tuscia and his brother demanded the money again and when Sparatto tried to escape from them a fight started. To save himself Sparatto fired seven shots into Tuscia's body. The brother escaped.

MYSTERY ENVELOPS CRIME.

Woman Accused of Killing Her Former Employer.

New York, Nov. 20.—Gustave Simon, senior member of the Queen Waist company, with headquarters at 604-608 Broadway, was shot in his office during the day, receiving a wound in the neck from the effects of which he died. A woman, a former employee of the company, is under arrest charged with the shooting. She had called upon Simon to collect money said to be due her from the firm.

Simon was unconscious for some time before he died and there is some doubt as to what immediately preceded the shooting.

The prisoner, who was arrested as she was leaving the building, described herself as Mme. Anisa Louise de Massy, a shirt designer, thirty-eight years of age, and living in West Thirty-seventh street. She protested her innocence.

According to the police, who allege that the shooting was witnessed, the woman approached Simon and asked for money due her. Simon told her that she would have to return some time and a half hour later at the usual hour when employees were paid.

She retired to the hall, but at once re-entered the office and immediately afterward the fifty women employees in an adjoining workroom were startled by the report of three shots fired in quick succession. The first bullet passed through a glass partition and between two models, the second struck Simon in the neck, while the third imbedded itself in the ceiling.

KILLS BRIDE AND HIMSELF.

Minister's Marital Venture Proved an Unhappy One.

Sanborn, Ia., Nov. 20.—After beating his bride of nine months to death with a stove poker Rev. Peter Gettman, aged fifty, walked to a straw stack, one mile distant, severed his jugular vein with a razor and lived only long enough to be found by a farmer, to whom he told the tale.

Gettman was married to a woman in Grant county, Minn. The wedding was arranged by a friend and the mature bridegroom married the girl of twenty, but the wedding proved a mistake almost from the first.

Gettman was formerly a prominent Methodist minister of Kossuth county, Ia. He had been in the ministry nearly twenty years.

INDICTED FOR CONSPIRACY.

Cashier and Assistant Cashier of Aetna Banking Company.

Washington, Nov. 20.—The grand jury of the District of Columbia has returned an indictment against Abner B. Clements, former cashier of the Aetna Banking and Trust company of Butte, Mont.; John T. Hoag, assistant cashier of the same institution in charge of the Washington branch, and Eveleth W. McCormick of this city for conspiracy. A separate indictment charging false pretenses was returned against John T. Hoag only.

The indictment charges conspiracy by unlawfully procuring in the District of Columbia charters for corporations and obtaining charters in the United States by false pretenses.

RUN ON OHIO BANK.

Careless Remark Causes Mad Rush of Depositors.

Chillicothe, O., Nov. 20.—A careless remark made by some citizen unknown to the police started a run on the Savings bank of this city. It began at noon and continued all afternoon until late in the evening.

Women, children and men quit their employment and ran to the bank breathless. One depositor said he saw a statement of the closing of the doors of the bank published in one of the evening newspapers. It was discovered, however, that he saw the bank's semi-annual statement, which read balance on hand at close of business Nov. 10 and he considered that statement meant that the bank was to quit business.

There is absolutely no cause for the rush of the depositors, as the Savings Bank company is one of the strongest state banks in Ohio.

PENDING FURTHER ORDERS.

Discharges of Negro Soldiers Temporarily Suspended.

Washington, Nov. 20.—Acting under orders of Secretary Taft, Major General Ainsworth, the military secretary, has directed that further discharges of the three negro companies of the Twenty-fifth infantry on account of the shooting at Brownsville, Tex., be suspended pending further orders. The action, it is stated, is pending further advices from President Roosevelt, who has been communicated with on the subject.

The war department has been deluged with protests against the order directing the discharge of the three companies. It is reported that further investigation will be made and that certain officers may be called on for an explanation in connection with the movements of these men at the time of the Brownsville incident occurred.

WITH HILL IN CONTROL.

Burlington and Great Northern Will Be Merged.

Omaha, Nov. 20.—The Bee says: "Within one week the equity which the Northern Pacific now holds in the Burlington will pass into the hands of the Great Northern and within fifteen days the Burlington and Great Northern will be merged into one vast system, with J. J. Hill in control."

This statement was made to a representative of the Bee by a man close to the official family of the Hill roads, who has just returned from Chicago, where the intricate operations of this gigantic transaction are now being perfected. He makes the statement without reservation. For prudential reasons this man exacted the promise that his name would not be used in this connection.

So far as the lines of track of the

Great Northern, Northern Pacific and Burlington are concerned these roads lack but one little link now of being, in fact, one great system. When the short cut from Billings to Great Falls, Mont., is completed the unification will be consummated. The Western terminus of the Burlington is at Billings, where it meets the Northern Pacific. A line has been in process of construction for some time from Billings to Great Falls, where the Great Northern runs on its way to the coast. This line will soon be finished and when it is the three great railroads will be joined and merged, physically, into one vast system, but the federal government objecting, the Northern Pacific will not be named in the union.

With an eye to business a New York caterer has offered Count Boni 50,000 francs a year to preside over his fashionable restaurant in that city as head waiter. His connection with the Gould millions and his recent divorce troubles would undoubtedly fill the tables of the eating house for a time, but it is hardly thought probable that Boni will cable an acceptance of the offer.

An Iowa man comes to the front with a bill he is preparing to present to the legislature of that state at the coming session which if enacted will make it a crime for a candidate for office to give away or cause to be given away during his candidacy a cigar or a drink of liquor to any voter and the penalty will be fully as severe upon the voter who accepts any such gift. The same bill contains a clause which would disfranchise a voter for five years if he fails to vote at any election without a valid excuse.

The statement made by John D. Rockefeller, Jr., to his Bible class that unhappiness comes with great wealth and the poor man is to be envied is one that many will dispute at this time of the year. If the son of the oil king is really in earnest in bewailing his condition, references of reputable citizens will be furnished him by this office who will suggest a sure remedy for that tired, wealthy feeling. These people who parade before the public the awful agony caused by immense riches can easily get into the class where "comfort reigns" if they so desire.

For the purpose of affording all possible assistance in securing the improvement of highways in this state the postoffice department has agreed to cooperate with the state highway commission, and rural carriers on the hundred of routes in Minnesota are authorized to secure data and answer questions submitted to them by the state engineer relative to the public highways, their condition, the availability of road building materials and the use of road drags. Good roads and rural free delivery go hand in hand and the institution of the latter system has been more beneficial to the good roads problem than any other one thing. The department appreciates the fact that Minnesota is making an endeavor along the line of public road improvement.

Twin City Clearinghouses Plan to Hire Examiner.

St. Paul, Nov. 20.—Following the action of the Chicago and Milwaukee clearinghouses, the St. Paul and Minneapolis Clearinghouse associations are planning the appointment, in the near future, of a special examiner for the Twin City banks. It is thought that this action practically will eliminate the possibility of bank failures, increase confidence in the institutions and make the Twin City banks rank higher than ever among the banking institutions of this country.

DEAD NUMBER FORTY-TWO.

Revised Estimates of Steamship Disaster Near Seattle.

Seattle, Nov. 20.—Forty-two lives were lost in Sunday night's disaster in Seattle harbor, off Duwamish head, when the little steamer Dix was run down by the Alaskan liner Jeanie. Thirty-seven of the seventy-nine passengers on the Dix were rescued. Of the five female passengers on the Dix the only one to escape was Alice Simpson, a fifteen-year-old girl. She is believed to be the only person who escaped from the main deck of the steamer, where more than half of the Dix's passengers were shut in when the fatal crash came. She could not swim, but her clothing kept her afloat until she was pulled aboard one of the two lifeboats lowered by the steamer Jeanie.

It is believed that the thirty-seven passengers who were rescued include every person who was on the open deck of the Dix when the little craft plunged down stern foremost into 100 fathoms of water. It is doubtful whether she can be raised.

TOM COOPER KILLED.

Well Known Automobilist Thrown From His Machine.

New York, Nov. 20.—"Tom" Cooper, the bicyclist and automobilist, was instantly killed in an automobile accident in Central park. While riding at full speed on the drive in the park near Seventy-seventh street in company with Miss Virginia Vernon of Jersey City and Miss Helen Hall of this city his automobile ran into an automobile standing still on the drive awaiting a supply of gasoline. Cooper was hurled twenty feet and struck upon his head. His women companions were thrown out also and seriously hurt.

Cooper was lifeless when picked up. A man named Baraclo, a cotton broker, with his home in Paterson, N. J., was also thrown from his machine and sustained a fractured skull.

At the Roosevelt hospital it was found that Miss Vernon had a fractured leg and many cuts and bruises. Miss Hall had a fracture of the skull and other injuries.

MANY IMPROVEMENTS PLANNED

Dormitories will be put in Second Story and Other Improvements made

The members of the committee which canvassed the city Monday in behalf of the Y. M. C. A. are well satisfied with the results of the day's work. The work was under the direction of H. F. Michael and was done with his usual enthusiasm and aggressiveness. He was ably assisted by a large number of citizens and the city was pretty thoroughly canvassed. The result was the raising of \$1500 in the city alone, not counting the \$500 promised by President Elliott of the Northern Pacific, in the event of the association raising \$1000. This will give \$2000 available for the repairs and reconstruction of the building.

The board, in connection with the visiting secretaries held an informal meeting at the Y. M. C. A. rooms last evening to talk over plans for the future. The building will be thoroughly overhauled from top to bottom. The plan now is to put in dormitories in the upper story which will assist in raising revenues for current expenses. There will also be new lavatories, baths and gymnasium put in. Some also advocate the establishment of night schools in the building. The plans will doubtless be completed in a very few days as it is hoped to get the rooms in shape for a big reception on New Years. When the rooms are ready and plans made for the future it is the intention to make a thorough canvass for membership. While the details of the plans are not yet matured THE DISPATCH is assured that they will be along progressive and broad lines and that the privileges of the association will be such as to appeal to all young men. Secretary Phil H. Bevis, of Duluth, who has just completed a tour of inspection of many of the best Y. M. C. A. buildings in the United States, was present last night and rendered many valuable suggestions.

In speaking of the day's work done Monday Mr. Michael said he could not speak too highly of the aid given the management by the members of the committee. He also stated that the publicity given the canvass by THE DISPATCH very materially assisted in the work of raising the money. The management of the Y. M. C. A. feel that they are now on trial, the citizens having provided the sinews of war, and that it is now up to them to make good, and it is safe to say they will do so.

Made Happy for Life

Great happiness came to the home of S. C. Blair, school superintendent, at St. Albans, Vt., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles affected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed at H. P. Dunn & Co's. drug store. Price 50c.

IF you are straining your eyes, while reading or working don't fail to have them attended to without delay. Dr. Bruns, the optometrist, will be at the National hotel, November 22 and 23. Eyes examined free.

WHAT IS CATARRH?

Simple Way to Overcome the Dangers of this Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years a simple and reliable treatment for catarrhal troubles has been found—Hyomei, a combination of healing and germ-killing balsams, that, when breathed through the neat pocket inhaler that comes with every outfit reaches the tiniest cells in the respiratory organs, carrying its healing and health-giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all the catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents, and is sold by H. P. Dunn & Co., under an absolute guarantee that it will cure catarrh or money will be refunded.

AMUSEMENTS

Macbeth
Shakespeare's famous tragedy, Macbeth will be illustrated profusely with fine stereopticon views, while the play will be explained and in large part read with dramatic interpretation by George Bently Bergren, professor of literature and expression in the state normal school at Superior, Wis. It is the opinion of many that this entertainment is more effective than the tragedy acted on the stage in giving a true conception of Shakespeare's art. At the First Presbyterian church, Tuesday evening, November 27, admission 50 cents.

The Country School Master
The headliner at the Bijou the first half of this week is "The Country School Master," 1,100 feet of film that is a roar from start to finish. The song is "Your Daddy Died for his Country," sung by Miss Irene Cain and illustrated by a large number of beautiful colored views.

Comet Stock Company
The next attraction at the opera house is the Comet Stock Co., which opens a three night's engagement commencing Thursday, Nov. 22. Their repertoire consists of a number of up-to-date plays interspersed with bright specialties, and the company is said to be both competent and clever. Popular prices prevail for this engagement, 35, 25 and 15c.

OLD COUNCIL SAYS GOOD BYE

Retiring City Council Closed up its Business Monday Night and Adjourned

BUT LITTLE BUSINESS DONE

New Fire Limit Ordinance Was Passed Under Suspension of the Rules

The old city council met in final session Monday night and closed up business for the year. Outside of routine business there was comparatively little business done, the principle thing being enacting of an amended fire limit ordinance to cover a possible defect in the present ordinance. It was passed under a suspension of the rules, all voting aye.

The following aldermen responded to roll call: Peterson, Squires, Opsahl, Armstrong, Farrar, Baker and Johnson.

The clerk's financial statement was read and approved.

Liquor license bonds were approved as follows:

Iver Holden, with the United States Bonding Co. as surety; J. C. Jamieson, with W. E. Brockway and J. R. Smith as sureties; Adam Armstrong with Jas. Cullen and Silas Hall as sureties.

Report was made of complaints of water pipes on North Tenth street freezing, some saying that it was because the soil had been loosened up by the construction of the sewer. City Engineer Woolman stated that the pipes might have frozen while the trench was open, but that the loosening of the dirt, after refilling, would tend to retard the frost.

There was considerable discussion as to sewer warrants on the laterals, J and K, but no action was taken.

The chief of the fire department was authorized to purchase locks for the Third and Fourth ward hose houses with a number of keys for each lock, keys to be given to members of the fire companies.

The matter of the sale of stoves belonging to the fire department was left with the purchasing committee.

The city council then adjourned sine die.

A Year of Blood

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured. Guaranteed for sore lungs, coughs and colds, at H. P. Dunn & Co's drug store. Price 50c and \$1. Trial bottle free.

Choral Class

A class will start tonight at the Baptist church for the general study of music. This class or chorus will be under the direction of Prof. Francis E. Woodward, and all the singers in the city are invited to join. They will take up the study of sacred choruses, and other church music, and every singer in all the different churches should avail themselves of this great opportunity to improve. Besides the splendid drilling along these lines, Prof. Woodward will give out to the class the ideas, with practical illustrations, on the art of breathing and artistic tone production. A chorus will be formed also to sing the grandest music under Prof. Woodward's direction at the First Baptist church, both morning and evening.

MRS. W. S. TRACY DEAD

Popular Lady Succumbs this Morning After Severe Attack of Pneumonia and Heart Disease.

Mrs. W. S. Tracy, of this city, died this morning after a severe illness with pneumonia. Mrs. Tracy has been in poor health for many years and although the attending physicians were able to break up the pneumonia her strength was not sufficient to rally and the end came today.

Mrs. Tracy was a sister of Messrs. I. U. and C. B. White, of this city, and was a very estimable lady whose death will cast a gloom over a large circle of friends. No definite arrangements have yet been made for the funeral, pending the arrival of relatives, but it is expected that it will take place Thursday afternoon from the Methodist Episcopal church, of which she has long been a member.

One very sad feature is the fact that Mr. Tracy is himself in very poor health, having been confined to his home and most of the time to his bed, for the past two weeks.

Had a Close Call

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickle, of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at H. P. Dunn & Co's drug store.

A PLEASANT PARTY

Dr. and Mrs. S. W. Mowers and Mr. and Mrs. Chas. Hoffman Entertained at Elk's Hall Monday Night

One of the pleasantest events of the social season was the card and dancing party given by Mr. and Mrs. S. W. Mowers and Mr. and Mrs. Chas. Hoffman, at Elk's hall Monday evening. About 175 friends gathered in response to the invitations sent out. The evening was devoted to dancing and "five hundred."

At this game the head prizes were won by D. M. Clark and Mrs. S. E. Alderman and the consolation prizes by Miss Bess Treglawney and P. W. Wieland. Delightful refreshments were served and a very enjoyable time was spent. There were several, including Dr. and Mrs. Cameron and Mr. and Mrs. Sovereign, down from Staples to attend the party.

BUCHIT IS BOUND OVER

Judge Allbright Holds First Session of Court as Municipal Judge Today On Shooting Case

Judge C. A. Allbright held his first session of court as municipal judge this forenoon. Mr. Allbright is no novice on the bench however, having already served as special municipal judge for several years. The case of Wm. Buchit, on the second warrant served, charging him with manslaughter, was up for preliminary hearing, and after the taking of testimony was held to the grand jury. The charge of assault was of course dismissed. Attorney M. E. Ryan has been retained to look after the interests of Mr. Buchit.

MANIAC AT THE THROTTLE.

Young Man Drives Engine Through Station at Mad Rate.

Taunton, Mass., Nov. 20.—Frank Rockard, aged twenty, stole an engine at the local freightyard because he wanted to reach New York quickly. He got up steam and pulled out of the yard before he was noticed. Then he opened the throttle and flashed through the central passenger station, ringing his bell frantically. At one of the crossings he slowed down and two men jumped aboard and overpowered him.

The only explanation Rockard would give was that he had orders to go to New York. The police said he was insane.

Colored Robber Captured.

St. Paul, Minn.—John H. Hoerish, a boot and shoe dealer at 377 West Seventh street, was shot and slightly wounded in his store by a colored man whom the police at first suspected of being "the man who shoots," who has been causing a reign of terror in Minneapolis. Investigation, however, convinced the police that he is not the man. The colored man was captured. He gave his name as Luther D. Johnson. He robbed Hoerish of two pair of shoes.

RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

Missoula, Mont., Nov. 20.—In addition to double tracking its road between Garrison and Missoula, the Northern Pacific is to make a considerable change in its main line west from this place. Its course is to be changed to follow the present Coeur d'Alene branch to St. Regis, instead of turning off at Desmet and going up through the Flathead reservation.

From St. Regis it will cut across to the north of Paradise and then follow the present main line westward. The new route will be thirty miles longer than the present line, but will have so much lighter grades that the expense of handling freight traffic will be greatly lessened and the time for passenger trains will not be materially increased. It is expected that the work will be begun by the middle of November.

Duluth Herald: The wrecking of the Northern Pacific bridge across St. Louis bay was one of the most fortunate accidents that could have happened, according to the statements made by Capt. Albert Reed of the steamer James S. Davidson, in making his report to the United States steamboat inspectors' office.

According to the report, the bridge was in very unsafe condition, and the abutment was about ready to collapse.

Capt. Reed stated to the inspectors that his vessel had barely grazed the abutment, and that there was not even a mark on the vessel's paint. The shock was not felt on board the boat at all, he said, and the blow was little more than a "slap" as the vessel passed.

According to the captain's statements, the wooden foundations of the abutment came to the surface immediately after the abutment collapsed, indicating to him that they had been undermined or were rotten. The abutment consisted of masonry constructed on a pile foundation.

Large Force of Clerks Kept Hustling and then can Hardly Wait on Crowd

A. Mark's bargain emporium on Sixth street South is the magnet which is drawing all of Crow Wing county's sagacious shoppers. Mr. Mark has secured, in connection with his brother, E. Mark, of Staples, one of the most stupendous bargains in the line of men's clothing, furnishings, boots and shoes ever brought into Central or Northern Minnesota and they are giving the citizens of this city and of Crow Wing county the benefit of the big end of it. The purchase prices were ridiculously low, far below actual cost to manufacture, so far below that you get the goods for less than they cost the manufacturer. Do not fail to call around and see the immense offerings. You will make your month's salary go twice as far at any other place in Minnesota. Remember he guarantees every article bought of him to give perfect satisfaction. Do not miss this chance to make fifty cents worth more than a dollar to you. 1t

TAKES NEGRO FROM POUSE.

Mob of Masked Men Believed to Have Lynched Culprit.

Newberry, S. C., Nov. 20.—Mark Davis, a negro, is believed to have been lynched near Smyrna church, about five miles from here, by a crowd of masked men. Davis fired on Will and Alf Dorroh, two white farm hands, but neither was hit. Constable Floyd with a posse then captured Davis and while bringing him here a mob of masked men suddenly appeared, taking him from the officers and disappearing with him.

Factional Riot in Spain.

DEMURRER SUSTAINED.

President of Western Federation of Miners Loses Case.

Denver, Nov. 20.—The demurrer of the defendants in the action for \$100,000 damages brought by Charles H. Moyer, president of the Western Federation of Miners against former Governor Peabody, former Adjutant General Sherman Bell and Attorney General Bulkeley Wells, is sustained in an opinion returned by Judge Robert E. Lewis of the United States district court. Moyer alleged wrongful imprisonment by the military.

RIVERS ON RAMPAGE

FLOODS FOLLOW HEAVY RAINS IN ALABAMA, MISSISSIPPI AND TENNESSEE.

DRIVEN FROM THEIR HOMES

MANY POORER WHITE PERSONS AND NEGROES FLEE FROM RISING WATERS.

Memphis, Tenn., Nov. 20.—The flood situation in Alabama, North and Central Mississippi and West Tennessee grows more serious. Rain has fallen almost continuously throughout this territory. Streams are leaving their banks and many of the poorer white persons and negroes have been forced from their homes by the rising waters. In Winona, Macon and Mathiston, Miss., the damage is placed at \$300,000. Many small settlements have been destroyed and historic plantation homes have either been completely wrecked or badly damaged.

In Memphis the rainfall from Friday night until Monday amounted to 7.42 inches.

Miles of railway track has been washed away, telegraph and telephone communication demoralized and street car traffic badly blocked.

Wolf river is overflowing, completely submerging Rossville. Fourteen bridges are reported destroyed and about nine miles of levees washed away. Railroad traffic is completely demoralized.

For the first time in the history of the road the tracks of the Illinois Central railroad near Jackson, Tenn., are covered with water and trains are being detoured via Holly Springs, Miss.

HEAVY SNOW SAVES DEER.

Hunters Returning Disgusted From Northern Woods.

Duluth, Nov. 20.—Nature has taken the part of the deer and moose this fall to some extent, at least, by sending a great fall of snow all over the forest region of Northern Minnesota and Wisconsin.

Hunters are returning disgusted in many cases because of the conditions in the woods. The snow is reported from twelve to twenty-two inches deep and this makes it pretty hard for the hunters to get around in the timber. The heavy snowfall will make a difference of several hundred deer in the kill this season and also of many moose.

Very few deer have arrived here to be shipped by rail to points further on. Some venison spoiled early in the hunting season, when there was a week of unseasonable warm weather.

EN ROUTE TO MINNEAPOLIS.

Lad of Nine Years Travels Alone From Norway.

Chicago, Nov. 20.—From Norway to Chicago without friends or a guardian was the task completed by Oscar William Anderson, a lad of nine years, who is traveling to Minneapolis, where he will live with his aunt, Mrs. Thorberg. Young Anderson is unable to speak English and made the journey unaccompanied and with nothing but the words: "Please look after me. I am going to Mrs. Julia Thorberg, 222 Hennepin avenue, Minneapolis, sewed on his overcoat."

After being fed and washed by the matron of the Rock Island station here young Anderson was put in charge of the conductor of a Rock Island train, who will take the boy to Minneapolis.

FIRST MONDAY IN JANUARY.

Subpoenas for Standard Oil Men to Appear in Court.

St. Louis, Nov. 20.—Subpoenas for the defendants in the federal government's suit against the Standard Oil company of New Jersey have been issued in the United States circuit court. There are seventy-one corporations and partnerships and seven individual defendants. All except one of two of the writs will be sent to United States marshals in other districts for service. A special blank was provided for the writs and the defendants were summoned to enter appearance the first Monday in January.

ANTI-AMERICAN SPEECH.

Cuban Says Occupation Weighs on Republic Like a Curse.

Havana, Nov. 20.—In spite of the fact that Governor Magoon has received reports from the military commanders in twenty-one towns that absolute tranquillity reigns throughout the entire island there is a general spirit of unrest abroad due to the uncertainty regarding the future course of the United States. The Liberals are becoming more restive under the indefinite continuance of the government of intervention and the Liberal leaders are clamoring that Liberals replace the Moderates in office. They also are endeavoring to bring pressure to bear to secure the promise that elections will be held at the earliest possible moment.

General Loynaz del Castillo, the leader of the anti-American sentiment, addressed a Liberal meeting and made use of the phrase, "the Americans weigh on the welfare of the republic like a curse." He predicted that if the government of intervention continued for long the patriots of Cuba would again take up arms in the defense of their independence. A junta with headquarters at Cardenas is said to be working under the direction of Moderate leaders in New York to organize resistance to Liberal influence in the provinces of Havana, Matanzas and Santa Clara.

SHORTAGE OF COAL.

Smaller Cities and Villages of Minnesota Face Famine.

St. Paul, Nov. 20.—With a winter's breath upon them the smaller cities and villages of Minnesota and the Northwest are facing a coal famine.

There is coal, but it is not where the consumer needs it in ample quantities. It is at the docks, not in the villages, and a degree of temperature that is almost a cold wave prevails over the Northwest.

The peril lies in the fact that many towns are pursuing a "hand-to-mouth" policy as regards coal and on the railroads is placed the blame for this condition. These towns have exhausted the local coal supply and are unable to stock up, although they have exhausted every means in their power.

Whenever a carload of coal arrives it is eagerly seized upon, but in a day or two it is gone, while the people wait anxiously for the arrival of the next carload.

A blizzard which would tie up traffic even for a brief period would cause widespread distress.

Will of Mrs. Jeff Davis.

Vicksburg, Miss., Nov. 20.—The will of Mrs. Varina Jefferson Davis, wife of the president of the Confederate states, has been filed here for probate. The will leaves to Mrs. Davis' daughter, Mrs. Margaret Howell Davis Hayes of Colorado Springs, Colo., all of the estate with the exception of \$10,000 life insurance. This sum is divided into numerous small bequests.

Increase for Street Car Men.

Philadelphia, Nov. 20.—The board of directors of the Philadelphia Rapid Transit company has decided on an increase of 5 per cent in the wages of its 7,500 motormen and conductors to take effect Dec. 1. This means an additional outlay of about \$270,000 a year. The men are now receiving 20 cents an hour.

TELEGRAPHIC BREVITIES.

Mrs. Frank R. Stockton, widow of the novelist, is dead at her home in Washington.

The entire Montenegro cabinet has resigned and the resignations have been accepted.

Practically the entire business section of Fayette, Miss., was destroyed by fire, entailing a loss of about \$475,000.

Miss Georgia Cayvan, for years one of the most popular actresses in New York city, is dead in a sanitarium at Flushing, L. I., where she had been a patient about seven years.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

Notice of Mortgage Foreclosure Sale.

Default has been made in the conditions of a certain mortgage duly made, executed and delivered by Carl E. Larson and Stella Larson, his wife, to Clark S. Kathan, bearing date of August 1st, 1905, with power of sale therein contained, which mortgage was duly recorded in the office of the register of deeds of Crow Wing county, Minnesota, on the 20th day of January, 1906, at 3 o'clock p. m., in book 3 of mortgages on page 382. Said default consists in the non-payment of one note and interest thereon secured by said mortgage.

There is claimed to be due and there is due on said mortgage, at the date of this notice, the sum of eighty-eight and 10/100 (\$88.10) dollars, and no action now proceeding in law nor equity has been instituted to recover said debt nor any part thereof.

Therefore, notice is hereby given that by virtue of the power of sale contained in said mortgage, and pursuant to the statutes in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit: The west one-half of the southeast quarter, and the southeast quarter of the southwest quarter of section eleven, in township one hundred and thirty six, range twenty-five, in Crow Wing county, Minnesota, containing 120 acres or less, which sale will be made by the sheriff of said county, at the south door of the court house in Brainerd, Minnesota, on the 21st day of December, 1906, at one o'clock in the afternoon of said day, at public auction, to the highest bidder for cash, to pay said debt, the disbursements allowed by law and the sum of \$25 attorney fee stipulated in said mortgage to be paid in case of foreclosure, subject to redemption at any time within one year from the date of sale, as provided by law.

Dated October 27, 1906.
